

# PracXam

## Stakeholders:

- Akkradet Sinsamersuk ([st120224@ait.asia](mailto:st120224@ait.asia))
- Nang San Hom ([st120225@ait.asia](mailto:st120225@ait.asia))

## Project Description:

The advance in knowledge of humanity is not an accident. It is a result of our ability to pass the knowledge from generation to generation. PracXam is a place for us to leave all the exams to our younger generation.

## Project Purpose and Scope:

- Provide an ease of access to previous exam papers to all student inside CSIM department.
- Let's students upload new papers.
- User can rate the difficulty of paper.
- Searching exam paper.
- Solution discuss section and vote the best solution.

**Distinct user class:** CSIM Student

## Offline Alternatives

You can always ask for previous exam paper from many sources like professor, library and your senior. But using this platform, all exam papers is all there for you. Plus, you can use difficulty rating feature to plan out your study.

## Online Alternatives

- Google Drive or other online cloud – No rating.

## Permanent Host & DNS Solution

Our solution to have permanent host and domain name is to use google cloud.

Domain Name : [www.pracxam.com](http://www.pracxam.com)

DNS: <https://cloud.google.com/dns/>

Setting host should be done by following the followed the link below

Host: <https://cloud.google.com/ruby/rails/using-cloudsql-postgres>

## Intellectual Property

Following the MIT License.

## Issue Tracker

<https://trello.com/b/XVGO51Vq/problem-set>

## 1. Profile of User 1

### a. picture of user

### b. information

- name: Akraradet Sinsamersuk
- age: 26
- occupation: student
- marital status: single
- housing situation: live with family
- income: -

### c. short-term goal: Practice previous exam.

long-term goal: Just practice the exam and leave.

### d. the immediate questions that this user will bring to the site: Where is 2017 midterm paper?

### e. devices used: laptop & smartphone

using internet by: Wifi

### f. First year student.

## Usage Scenarios

- Searching and Downloading the last term exam.
- Never come back until the final exam.

## 2. Profile of User 2

### a. picture of user

### b. information

- name: Nang San Hom
- age: 27
- occupation: student
- marital status: single
- housing situation: live in University's Campus
- income: -

### c. short-term goal: Searching for previous exam.

long-term goal: Trying to contribute to the society by upload new exam.

### d. the immediate questions that this user will bring to the site: Can someone solve this question?

### e. devices used: laptop & smartphone

using internet by: Wifi

### f. First year student.

### Usage Scenarios

- Searching and practicing the exam.
- Rating the exam difficulty.
- Upload a new exam.
